Horror Story Telugu Movie Download Mp4 is a Horror story Telugu movie which was released online on September 3, 2018. The movie has been directed and produced by Naveen and Shruthi Kumar. The story of the movie is about four friends who get stranded in a deserted village after their car breaks down. One night they experience the inexplicable horror while the other three sleep peacefully in their beds without any idea what's going on around them. They try to devise ways to get help for themselves but remain trapped in the house by strange happenings that only happen at night time when they're awake and cannot be seen or heard by anyone during daylight hours.
